

Success Planning Program

Discover the 7 Easy Steps to Success!

A success plan is a combination of an action plan and business plan, mixed in with your values and dreams. It encourages you to consider a vision of your business that is **barely believable** and to stretch you in taking risks and embracing challenges.

1. *The 7 Step Program.* This is a laser sharp 90 min. meeting where we convert your current vision into something new that excites and scares you. After Visioning, we discuss: Commitment, Goals & Strategies, Obstacles, Success Structures, Accountability and Reward.
2. *Why do I need a **Success Plan**?* Some people's vision of where they want their business to be in the future is very conservative and more of the status quo. Your new compelling vision will reveal how you can play a bigger game and allow you to move forward to what you really want in your business. It will release you from the daily grind and give you a fresh new perspective.
3. *Why have me be your **Success Planning Partner**?* As an Executive Coach and fellow entrepreneur, I can respect your need for confidence as we will get into financial and personal discussions that are confidential in nature. I'll also challenge, engage and point out your blindspots that are holding you back. You'll also have me as an accountability partner to hold you accountable along the way.
4. *What are some of the benefits?* The top four benefits are:
 - A fresh new motivation that will get you jumping out of bed in the morning
 - A means to allow you to boldly be your unstoppable self
 - More interactions with your COIs and partnerships as you create momentum
 - Identifying and facing your core limiting beliefs that have been holding you back

This one meeting **Success Planning Program** is priced at \$450. Let's make this year your most successful ever. Call me today to start playing a bigger game!
